## Peewee Non-Animals

Participation, safety, personal development, learning, and fun are the highest priorities for Youth Development in providing programs for 4 to 7-year-olds. Children aged 4 to 7 need to be involved in developmentally appropriate activities and learning experiences throughout the year. Children in this age group typically are full of energy and willing to learn, and need educational materials designed for their specific abilities, needs and interests. In addition, activities and learning experiences should be geared to the informal settings offered by the Fairboard.

1. Classes in the Peewee Department are open only to exhibitors ages 4-7 years old. Age is determined as of January 1 of the current year.
2. Participation ribbons are provided for all Peewee exhibitors.
3. Peewee experiences are intended to be introductory. Each Peewee exhibitor is limited to a maximum of 10 non-animal exhibits.
4. Exhibits entered in the Peewee Department should follow the guidelines of the corresponding project area.
5. Exhibits in this department may include, but are not limited to, posters, coloring books, collections, photographs, and record books. Exhibitors should show progression in skills and interests each year.
